

# OUR PICNIC TO CLUB CABANA

The sun is out and shining  
The weather is getting hot  
We'll start packing for our picnic  
We'll find the perfect spot.

It was the first day in school after first term examination when school picnic for this year was announced in the class. Everyone has been excited since then. This year's picnic was destined to be at club cabana resort which is located in Devanahalli, Bengaluru.

Luckily for me and my class student's permission of our parents has never been a problem, so we were set to go since then day of announcement. It was a cold winter morning, the school bus departed at sharp seven in the morning, almost one long hour we traveled to the resort, but it felt like only few minutes as we played and had fun games with fellow classmates, we reported to the resort around 8:40, we were all provided welcome drinks. Then we left for a walk. We saw many things in resort. Then we went to eat our breakfast. After eating, yes! It was pool time that was very enjoyable. We followed by some fun activities such as dancing, singing etc. which was too fun. The time passed so soon that wouldn't realize the day was over. This was indeed a memorable day that I'll cherish for a long time.
